# QUINCY

*"City of Presidents"*

COMPILED BY H. A. MANNING COMPANY WITH THE ASSISTANCE OF QUINCY CHAMBER OF COMMERCE

The publishers of the Directory have attempted in the following pages to give the outstanding features of the city of Quincy so that the local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. Statistics are as far as possible the most recent available. The purpose here is to portray as much of Quincy's charm and greatness as is consistent with fact.

The Directory is in effect an encyclopedia of knowledge about the city. It shows localities, street changes, growth of sections and general city changes. The names of the residents give evidence of racial characteristics which is helpful to anyone making a detailed study of Quincy.

The Quincy Directory becomes a part of the Free Library Exchange System of North America, such as the file maintained by the publishers for public use at the Quincy Chamber of Commerce. Through this medium the City Directory disseminates information about the city throughout the country.

City Seal

**LOCATION**—Quincy lies on Quincy Bay, which is off the larger Massachusetts Bay, forming the excellent harbor that has had so much to do with the shipping importance of New England. The city is strategically situated for residence and business, only eight miles from the heart of Boston, with which it is closely connected by business and social ties. Distances from Quincy are, New Bedford 47 miles, Providence 43, Worcester 43, Lowell 33, Concord, N. H., 96, Portland 118, Bangor 268, Springfield 105, Albany 186, Schenectady 205, Hartford 115, New York 223, Greenfield 105, Elmira 391, Atlantic City 359, Buffalo 506, Philadelphia 318, Rochester 409, Burlington 223, White Mts. 187, Washington 454. 42 ft. above sea level.

**HISTORICAL**—Quincy was settled as a trading post in 1625 by Capt. Wolston. In 1640 it became a part of the Colony of Massachusetts. It was originally a part of the township of Braintree from which it was set off in 1792 and made a town, to which the name of Quincy was given. In 1888 it was incorporated as a city with Charles H. Porter as the first Mayor. Quincy is noted as the birthplace

of two presidents of the United States. The birthplace homestead of John Adams, second president, was built in 1681, and restored in 1897 by Adams Chapter of D. A. R., and is located on Franklin Street. Birthplace of John Quincy Adams, sixth president, was built in 1716 and restored in 1896 by Quincy Historical Society and is also located on Franklin Street. The birthplace of John Hancock is on Adams Street where a bronze tablet marks the spot where the house stood in which this patriot was born. Abigail Adams Cairn, Penn's Hill off Franklin Street, marks the spot from which Abigail Adams and her son John Quincy Adams watched the smoke of the Battle of Bunker Hill. Burial places of John Adams and John Quincy Adams and their respective wives are under the Stone Temple of the First Parish Church at Quincy Centre. The church contains the Adams family pew. In the Auditorium are mural monuments to the memory of the Presidents. President Adams mansion is located on Adams street corner of Newport avenue. It is operated by the U. S. government as a national shrine. Dorothy Q. House,

Birth Places John Quincy Adams and John Adams

on Hancock Street corner of Butler Road, is the old Quincy homestead where Dorothy Quincy was born; the parlor has old paper put on for the wedding of Dorothy Quincy and John Hancock; this property is owned by the Massachusetts Society of Colonial Dames. The Myles Standish Cairn is in the Squantum district and marks the site of the landing of Myles Standish, Sept. 30, 1621. In the old Hancock Cemetery located on Hancock St. opp First Parish Church lie buried many of the first settlers of Quincy including Rev. John Hancock, father of the patriot. In West Quincy is the site of the first railroad in the United States, built in 1826 to convey stone for Bunker Hill Monument from quarries to tide water on Neponset River. The foregoing historic points are all open to the public at specific times.

**TOPOGRAPHY**—Quincy has a beautiful and interesting topography. The altitude varies from sea level to 480 feet in sloping terrain. The average altitude in the business and residential sections is 25 feet. The Blue Hills Reservation is partly in Quincy and provides a delightful variation from the low land of the sea shore. It is probable that the topography of Quincy surpasses in beauty and variety that of any other city in Massachusetts, combining sea, headlands, shore and hills. The residential districts extend into the highlands from which views of the lower parts of the city and the bay may be had. Much of Quincy's charm for residences is its highland home sections. From the Blue Hills it is possible to see much of Boston and the Metropolitan area. Quincy has the attractiveness of the "South Shore" which leads to incomparable Cape Cod. Area 16.77 square miles.

Office Building

**FINANCIAL**—There are 7 financial institutions with resources of \$170,540,244, including 3 commercial, 1 savings, 2 cooperative, 1 federal savings and loan, commodiously housed and very progressive. City valuation of property is \$145,470,275 with tax rate of \$45.20 per \$1,000. Bonded debt is \$3,877,000.

**TRANSPORTATION**—Quincy is served by the New York, New Haven & Hartford Railroad (Old Colony Division) connecting at Boston with the Boston & Albany Division of the New York Central lines, and all divisions of the Boston & Maine system. The Squantum Naval Air Base is one of the largest naval air bases along eastern seaboard. Local bus lines serve all parts of the city and connect with adjacent cities and towns. Motor truck service is extensive. Highways 3, 135, 3A, 37, 28, 128 lead to the city and are first class construction. Quincy has a harbor for deep draft shipping, and at the Quincy yard of the Bethlehem Steel Company has one of the large dry docks of the country. Quincy occupies an important position from a water transportation standpoint. Town River has a channel which offers 24 feet of water low tide and about 33 feet high tide, accommodating coastwise shipping. Several boat building companies on the river are benefited by this deep channel water.

**MERCANTILE**—Quincy is a thriving shopping center with modern stores and ample parking. Annual retail sales exceed \$90,000,000. Population in the trading area is 300,000. Serving this area are 950 retail establishments and 15 wholesale companies. There are over 500 professional offices. Supplementing the year-round population is an annual summer influx of seasonal residents. The combination of suburban living with unusual recreational advantages and excellent

opportunities for education and employment are responsible for Quincy being described with considerable accuracy as the fastest growing city in Massachusetts.

**EDUCATIONAL**—The public school system is in the first rank among the cities of the nation. There are 25 schools including 2 senior high, 4 junior high, 19 grammar, 1 trade. There are 11,607 pupils and 424 teachers. There are also 3 parochial schools with 1,141 pupils and 32 teachers. Value of public school property \$6,165,000, and parochial school property \$949,200. The Eastern Nazarene College is located here. The public library has an extensive service with main building and 12 branches plus hospital service totaling over 140,000 volumes and has an annual circulation of more than 650,000 books loaned to 25,000 borrowers. The Free Directory Library is maintained by H. A. Manning Company at the Chamber of Commerce and contains directories of other cities and towns in Northeastern United States. There are 14 private schools instructing in various subjects.

**INDUSTRY**—There are 98 manufacturing establishments employing 11,000 and paying wages of \$48,000,000 annually, making varied products valued

at over 90 millions. Chief activities are in shipbuilding, granite cutting, finishing and machinery. Principal products are ships, tubes, machinery, parts, granite, rivets and studs, gears, rubber goods, amplifying and telephone equipment, marine engines, portable buildings, paints, tools, chemicals, yachts, boilers, steel and brass foundry products, floor machines, conveyors, cord and thread, leather products, underwear, dresses, cymbals, small boats, automobile bodies, automobile tops, beverages, concrete blocks, furniture, ice cream, insect screens, musical instruments,

scales, scientific instruments, soap, starch, signs, tanks, ventilators, window shades, packaging machinery, etc. Quincy is a good city in which to locate a manufacturing business. Relations between employer and employees are cordial and strikes are rare. A supply of highly skilled workmen is one of Quincy's greatest assets. A strong Chamber of Commerce encourages and assists new industries

A Famous Quincy Industry

**POPULATION**—Quincy is reputed to be the fastest growing city in Massachusetts. It has grown from 47,876 in 1920 to 83,190 in 1950. White population of age 24,469 males and 26,713 females, colored 17. Predominating nationalities are English, Canadian, Scottish, Italian and Finnish extraction. In 1949 there were 45,900 registered voters. American born 80%. Number of homes and apartments is approximately 21,804. Within a radius of twenty-five miles there is a population of 3,000,000.

**RELIGIOUS AND BENEVOLENT**—There are 41 churches representing 15 denominations with a total membership of over 45,000. These churches are well placed throughout the city. Fraternal and club life is extensive with more than 400 organizations represented, some well housed in their own buildings.

**RECREATIONAL**—For amusement and recreational facilities Quincy can hardly be surpassed. There are 43 parks and playgrounds with a total area of 324 acres, and a value of \$558,300.00. These combined with the extensive Blue Hills Reservation, part of which lies in Quincy, give the city an unusual

Church of Presidents

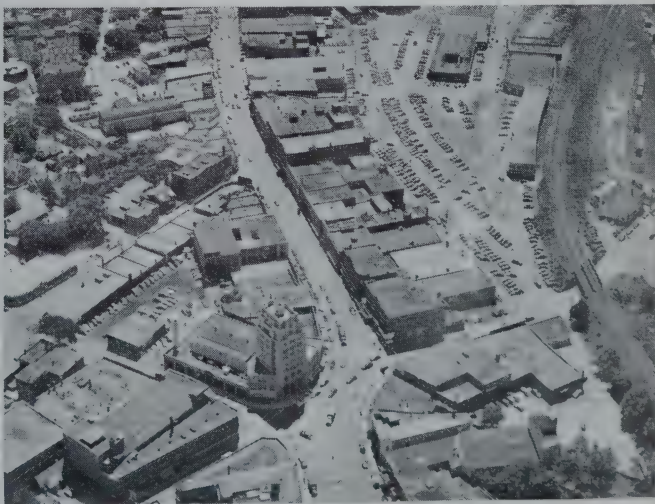

amount of play space. Quincy has two exceptionally attractive golf courses and club house facilities. Not the least of Quincy's recreational facilities are its shore line, beaches, also yachts and shore clubs of which there are 5. Boating and bathing activities are popular. Quincy is so located that it lends itself to recreation for residents and those residing in nearby cities and towns. Quincy stands high in its public school athletic activities and competing sports with other city schools. There are 6 amusement theatres and one auditorium. Bridle paths in the Blue Hills Reservation furnish excellent opportunities for the riding enthusiast. There is a stadium seating 6,000.

## REMEMBER THE SALVATION ARMY IN YOUR WILL

FOR over sixty years The Salvation Army has demonstrated its unique effectiveness in dealing with problems of distress and maladjustment among all types of persons through its highly organized network of spiritual, social service, and character-building activities. Universal endorsement has been given it by governments, churches, welfare agencies, and other groups.

The organization, however, is not endowed. Its support comes from the voluntary contributions of the public.

The Salvation Army is legally competent to accept bequests and earnestly seeks such gifts for either general or specific purposes, or for the establishment of suitable memorials.

Any information or advice will be gladly furnished upon application, direct or through legal advisers, to:

## The Quincy Council Trust Fund

In order that all persons who desire to contribute toward the permanent welfare of boyhood in Quincy through the agency of the Boy Scout Movement may do so with the assurance that their gifts, or bequests, will always be used to serve the purposes for which they are intended, a Trust Agreement was entered into by QUINCY COUNCIL, INC., BOY SCOUTS OF AMERICA, a Massachusetts corporation, and the Granite Trust Co., of Quincy, making the said bank trustee of the fund.

Thus an effort has been made to insure that such bequests shall, in perpetuity, serve the purpose for which intended, and that the donor shall be forever safeguarded in his or her desire to serve mankind through the training of youth.

#### 1. DIRECT BEQUEST FOR GENERAL PURPOSES.

I give, devise and bequeath to the QUINCY COUNCIL, INC. OF THE BOY SCOUTS OF AMERICA, a Massachusetts Corporation, the sum of.....

.....Dollars (\$.....)

(Or if property is devised, describe the same)

The same, and the income thereof to be owned, held, and used by the said QUINCY COUNCIL OF THE BOY SCOUTS OF AMERICA toward the maintenance and general purposes of Boy Scout work in the territory covered by the charter issued to the said Council annually by the NATIONAL COUNCIL, BOY SCOUTS OF AMERICA, and in accordance with the Constitution and By-Laws thereof.

of Continuous Service  
Since 1883*

Written into our history and records are the growth, development, and experience of over half a century in the oil industry.

Our Ocean Terminals and up to date facilities, second to none, have established us as New England's fastest growing Independent Oil Company.

Our organization has been a never failing and continuous source of supply through War and Peace, Panic and Prosperity to our ever increasing number of customers.

# Industrial Quincy

Quincy has grown rapidly as an industrial city but does not suffer from being over-industrialized. It is a balanced city with healthy industries, a good retail center, and attractive residential districts. Employees of Quincy industries find happy, healthy living in the city. National firms are attracted to the city because of its unusual combination of strategic location, low tax rate, excellent municipal facilities and cooperative labor.

## Manufacturing Facilities in Quincy

Manufacturing plants in Quincy are of the most modern type. Much of the construction is new. The stability and progress of Quincy industry is demonstrated by the many expansion programs recently completed or under way. Large industries find that the smaller service industries which abound in the area are convenient sources of supply for equipment and service.

## Industrial Statistics (1947)

Number of Manufacturing Establishments	118
Number Employed in Manufacturing	11,000
Value of Manufactured Products	\$ 94,083,642 .00
Value Added by Manufacturing	\$ 62,855,025 .00
Annual Wages Paid	\$ 23,846,000 .00

### TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street the word "Street" is omitted.

## This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Write your views to them on all important local, national, and international legislation to come up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under wrong influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgement and common sense. Guide them with good old-fashioned, home-town logic and help save America from pitfalls which daily threaten our constitutional rights.

## MANNING'S

# Quincy Numerical Street Directory

## 1951

Copyright 1951, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where houses are not numbered the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of room in building.

The Δ following name indicates a telephone at that number.

The © following name indicates home owner.

For abbreviations of first names see first page of alphabetical section.
